

SUMMARY

I am a passionate software developer with expertise in building scalable web applications. With a strong foundation in both frontend and backend technologies, I bring ideas to life through clean, efficient code. I enjoy solving complex problems and continuously learning new tools and frameworks. My goal is to create impactful digital solutions that improve user experience and business performance.

EDUCATION

SQI Coding Collge

Professional Certification in Software Engineering
2022 – 2023

University of Ibadan

Master of Science in Data and Information Science
2024 – 2025

SKILLS

Frontend Development

- HTML5, CSS3, JavaScript, TypeScript
- React.js, Next.js
- Tailwind CSS, Bootstrap
- Responsive and UI/UX-focused design
- Redux, React Context API

Backend Development

- Node.js, Express.js
- PHP, Laravel
- RESTful API development
- JWT Authentication & Role-based Access Control
- MongoDB, MySQL, Prisma ORM

Tools & Other Skills

- Git, GitHub, Postman, VS Code
- Cloudinary, Multer (for media handling)
- SEO optimization & web performance tuning
- CMS: WordPress
- Agile & remote collaboration

PROFESSIONAL EXPERIENCE

Fullstack Developer

Design Synchrony Company | 2024 – Present

- Built and maintained web apps using React.js, Node.js, and Laravel for smooth user experience.
- Worked with teams to create and launch fullstack features from frontend to backend.
- Used REST APIs, JWT, and responsive design for secure and mobile-ready platforms.
- Handled Git for version control, improved speed, and followed Agile workflows.

Software Developer

DcodingExpert Company | 2023 – 2024

- Integrated third-party services and APIs to extend app functionality.
- Wrote clean, reusable code and conducted regular code reviews.
- Fixed bugs, tested features, and ensured smooth deployment.
- Improved UI/UX by collaborating with designers and gathering feedback.

Software Developer Intern

SQI College of ICT | 2023

- Taught foundational concepts in HTML, CSS, and JavaScript through hands-on coding sessions.
- Simplified complex topics to make them easy for beginners to understand and apply.
- Guided students in building basic responsive websites and interactive elements.

CERTIFICATIONS

- Software Engineering Professional Certification SQI
- Software Developer Certification Coursera
